Aging Safely BATHS

MARKETING & AI TOOLKIT

The marketing team behind this brand works for our dealers too.

Aging Safely Baths is owned by the founder of a marketing agency. That is why our dealer program comes with tools and people a tub factory does not have.

Google Business Profile

Review and fix list from Bronze. Posts and photos drafted by an agent at Silver, approved by you.

SEO and AI search

Local pages, schema and AI-search files (like our llms.txt and facts.json) so Google, ChatGPT and Perplexity can describe you correctly.

Custom-coded websites

Hand-built pages that load fast and are built to rank for residential and commercial bath remodeling in your towns. Gold.

Lead tools

The same kinds of tools on our site: virtual estimate from photos, VA HISA Estimate Planner, product finder, tub compare, bathroom builder.

Automation and AI agents

Instant lead reply, booking, follow-up and review requests, custom-coded for each dealer at 6+ units a month.

TV-quality commercials

A commercial shot and edited for your business, for TV, streaming and social. Gold.

The network

The agency, Eye To Ad Media (eyetoad.com), has been a Denver SEO agency since 2012 and now does AI-search work too. The owner also runs directories such as USA Business Search (usabusinesssearch.com), where Gold dealers can be featured.

What is free, and when

Reviews, consulting and the asset library start at Bronze. Agents, automation, SEO and AI-search work start at Silver (6+ units a month). Commercials, custom websites, a custom dashboard, Google Ads management and network placement start at Gold (21+). Ad spend, if any, is agreed in writing.

Aging Safely Baths & More, LLC, Denver, CO. BBB Accredited A+ since 2012. Dealers are independently owned businesses and set their own retail prices. Marketing perks are loyalty rewards for active dealers in good standing, provided at our discretion under a written dealer agreement; they are not a promise of leads, sales or income. Tiers are reviewed monthly on units bought. No bathing product eliminates the risk of falls.
