

Aging Safely

WALK IN BATHTUBS

TESTIMONIALS

"Awesome! I would HIGHLY recommend Aging Safely"

Nona - Dallas, TX

"Aging Safely was wonderful, everyone was very friendly and I got a great price. I really love my tub too and use the hydrotherapy almost every single night."

Rose - Orlando, FL

"We saved a ton of money and my parents are able to stay in their house longer instead of assisted living or a nursing home. You guys were great and made this transition very easy, my parents love their tub and lift and will gladly refer you to anyone. "

Stan & Lorraine - North Platte, NE

"My wife loves her new bathtub and since I am her caretaker, it makes it possible again for her to bathe safely in the comfort of our own home. Your installers were very friendly and professional, were on time and cleaned up everything after they were done. I am very happy with this decision and appreciate your hard work."

Fredrick - Laramie, WY

"I just wanted to thank you for the great service I received; I really love my new tub. I have pretty severe arthritis and have been looking for more natural ways to alleviate my pain. This is something that defiantly helps and the best part is, it's all natural. I put mineral salts and essential oils into it right before bed and I have even been sleeping better. Your installers were wonderful too, and I loved working with Lenee, she was very helpful. "

Susan & Charles - Lake Forest, CA
